

Don't just visit the west...live it!

**Take a step back in time 100 years!
Based in authentic cow camps with
no electricity, no phones, no frills,
no hassles**

The TX Ranch is a genuine working cattle ranch covering over 30,000 acres including leases straddling the Wyoming-Montana border. It is located in privately owned, open-range country stretching between the gorgeous Pryor Mountains on down to the Big Horn Canyon and its

brehtaking overlook. It has been owned by the Tillett family since 1898, and we take pride in keeping it as authentic as possible.

Scenic open-range riding! More than 1,100 head of cattle and over 100 head of horses provide plenty of riding and work opportunities every day of the week for all riding levels. Guests are welcome to participate with as much or as little as desired. Everything from trailing a herd, roping calves, branding, doctoring, wrangling horses—whatever it may be. We want you to feel like a part of the family and one of the cowboys.

**Our goal is to send you home with a memorable
true west experience, more confidence in your
horsemanship skills and a renewed outlook on life!**

Great ranch-style, home-cooked meals are prepared and served in our camp cabin. Evenings are often spent trading tales around the campfire under myriad stars with the mournful cry of a coyote howling in the distance.

The TX has been in the guest ranch business since 1976, long before the film *City Slickers* ever hit the big screen. So don't just visit the west...live it! If you are interested in booking a reservation or require more information, please contact us.
